#### **INFORMED CONSENT**

I know that participating in the St. Joseph Bicycle Club's Spring Ride can be potentially hazardous to my health and well being. I understand that by not wearing a hard-shell helmet, as required, I would further enhance the possibility of a severe physical injury. I know that though the route has been planned with my safety in mind, I am entering this event of my own free will and; therefore, assume all risk (foreseen and unforeseen) that may be associated with this event. The consumption and/or possession of alcohol at a SJBC event is prohibited. I understand that I will be sharing the road with vehicular traffic and assume all risks associated with this factor. I further realize that the weather conditions might be a factor that could affect my physical well-being, and that I should not participate in this event unless I am in good physical condition to do so.
